A premium choice for all types of paddling in various water conditions, from flat water to wild waters. Ideal for all levels of paddlers, and perfect for both performance touring adventurers and river running (Class III) lovers.	Perfect for the big fan of stand up paddle boarding as well as kayaking. Being versatile for both high-speed cruising and recreational touring.	Ideal for high speed cruising with a light load but also capable for casual medium length trip.
CLASS OF RAPIDS			N/A			N/A	N/A
<p>Class 1 : Fast-moving current with small waves and few obstructions that are easily avoided. Low-risk. Easy self-rescue. Class 2 : Straightforward rapids with wide-open channels that are evident without scouting. Occasional manoeuvring is required. Trained paddlers will easily avoid any rocks or medium-sized waves. Swimmers are seldom injured. Class 3 : Rapids with moderate, irregular waves, strong eddies and currents. Complex manoeuvres and good boat control are required. Major hazards are easily avoided. Scouting is recommended for inexperienced paddlers. Self-rescue is usually easy and injuries to swimmers are rare.</p>
